

## POWERFORWARD PARTNERSHIP AGREEMENT

*PowerForward*, a Utah partnership between Governor Leavitt, utility companies and private businesses, asks partners to work together with energy conservation efforts.

As a *PowerForward* partner, we ask you to:

1. Display PowerForward materials for your customers and employees.
2. Educate your employees about PowerForward, Energy Star and other energy conserving products.
3. Help your customers understand the value of purchasing products that are energy efficient.
4. Sign up for e-mail alerts on the web site [www.powerforward.utah.gov](http://www.powerforward.utah.gov)
5. When possible, include the PowerForward logo in advertisements.

When your business joins the *PowerForward* partnership and practices conservation efforts, you're helping to keep energy in Utah available and affordable.
